Recycling Flowers... Delivering Hope and Encouragement

IMPACT REPORT 2022

Random Acts of Flowers improves the emotional health and well-being of individuals in healthcare facilities by delivering recycled flowers, encouragement, and personal moments of kindness.

I want to express my sincere appreciation for the care and compassion that goes into Random Acts of Flowers mission. While RAF directly serves people struggling with illness, injury, isolation or the aging process, our reach goes well beyond the recipients to impact families, caregivers, healthcare administrators, our devoted volunteers and committed donors. Thank you for your support. Together, we are making an impact in our community!

– Janette Donoghue, Executive Director

Random Acts of Flowers Tampa Bay went independent in July 2020. Since our inception, we have accomplished so much. We have -

- **Served more than 140,000 people** with kindness, compassion, and beautiful recycled flowers. This includes all hospitals in Pinellas and Southern Pasco, assisted living facilities, memory cares and hospices.
- Made regular **deliveries to 208 healthcare facilities.**
- **Engaged more than 200 volunteers** and civic/youth groups totaling 63,00 hours of community service.
- **Recycled more than 162,000 vases**, saving them from the landfill.
- **Partnered with 88 floral donors** including churches, weddings, grocery stores, funeral homes, florist and wholesalers.

*"Thank you so much for the donation to our community!
You brought so many smiles, and made the residents happy for days!
You are a blessing. Hope to see you again soon!"*

- Tammi Rix, Tampa Gardens Senior Living
